

Product-Specification

Articel No.	T-F3000W
Compatibility for	
Manufacturer	axcom
OEM No.	21090A
Technology	Rectal Temperature Sensor for adults
Voltage	
Capacity	
Dimensions (l* w* h*)	
Weight (kg)	
	

More charge and discharge cycles

We individually measure battery cells to ensure their performance and service life.

Lower overall costs

The higher capacity guarantees higher cost effectiveness over their total running life.

Maximum security

The flex-board technology reliably protects the battery against overcharging.

High-carat connections

Gold-plated contacts prevent corrosion and ensure a loss-free current output.

All-round premium

For the housing: no recycled plastic, but rather high-quality ABS/PC.

Service Hotline

You would like to place an order or you have any questions? Our qualified sales team will find the best solution for your request.

Phone: +49 (0) 2154-4838-0 (Monday-Thursday, 08:00 - 13:00, german time)
